Encl: As above.

Concord Control Systems Limited Wins Major Rs. 139.32 Crore Order from Indian Railways

The order involves the supply, installation, and commissioning of locomotive wireless control system, a critical technology for enhancing locomotive operations

Lucknow, December 22, 2025: Concord Control Systems Limited (BSE: CNCRD), India's leading manufacturer of embedded electronic systems and critical electronic solutions company, through its wholly owned subsidiary Advanced Rail Controls Private Limited, has secured a major order worth Rs. 139.32 Crores from Indian Railways for a locomotive wireless control system. Bolstered by strong support and unwavering commitment from Indian Railways, coupled with the accelerating monetisation of railway infrastructure modernisation, the company is well-positioned to outperform its initial targets. This achievement highlights the company's rising prominence in the rail sector and its dedication to enhancing railway safety and efficiency.

The order involves the supply, installation, and commissioning of locomotive wireless control system, a critical technology for enhancing locomotive operations. Indian Railways awarded the contract to Advanced Rail Controls Private Limited, with execution expected within 18 months from the commencement date.

Nitin Jain, Joint Managing Director of Concord Control Systems Limited, *"This landmark order for locomotive wireless control systems marks a transformative step in modernizing Indian Railways. It reflects our unwavering commitment to delivering cutting-edge technology that enhances safety, efficiency, and reliability in rail operations, aligning perfectly with the nation's infrastructure vision. We are proud to contribute to India's rail transformation and look forward to executing this project with excellence."*

This order strengthens Concord's position in India's railway modernisation efforts, aligning with national infrastructure goals. It highlights the company's expertise in wireless control technologies, vital for safer and more efficient rail transport.

About Concord Control Systems Limited:

Concord Control Systems Limited (CNCRD) is India's leading manufacturer of embedded electronics systems and critical electronic solutions supporting India's next-generation rail infrastructure. CNCRD is an RDSO-approved OEM and technology leader delivering advanced electrical and electronic systems for Indian Railways. Aligned with the government's Gati Shakti initiative, Concord leverages state-of-the-art R&D, testing, and manufacturing facilities to deliver products that meet global quality and safety benchmarks, while ensuring zero- defect production and environmentally responsible practices.

CNCRD is a trusted partner in India's railway modernization and digital transformation journey aspires to step in railway technology on a global scale, expanding its footprint and tapping international markets. Its portfolio of robust, durable and high-performance systems is tailored-made for the extreme conditions of railway environments. CNCRD is shaping the future of mobility by anticipating emerging railway challenges and transforming them into opportunities through tech-enabled, innovative solutions.
